

# Samson Okunola, Frontend Developer

Nigeria | +2349023966260 | Portfolio: [okunolasamson.vercel.app](https://okunolasamson.vercel.app) | Email: [smsnmiceal@gmail.com](mailto:smsnmiceal@gmail.com)

## Summary

An experienced full-stack developer with a strong emphasis on the front end. I have a track record of creating intuitive and engaging user experiences while meeting business and user requirements. My problem-solving skills, dedication to meeting deadlines, and ability to work both independently and in a team set me apart.

## Experience

### Zummit Africa

Lead Developer (FE)

Remote, Nigeria

Apr 2022 - Present

- Implemented over 40% of core features and functionality of major apps like Zapi
- Contributed to boosting productivity and reduced average development time by 50% by introducing tools, procedures and processes that ensure faster and better development
- I led the development of the second version of Zapi to MVP

### Kappari Enterprise

Frontend Developer

Remote, Nigeria

Jul 2020 - Jan 2022

- I took charge of the company codebase and refactored to React
- I delivered clients' websites and apps based on their specifications and requirements with over 80% client satisfaction at two-thirds of the expected time frame.
- Reduction of the timeframe from ideation to production by more than 30%

### Federal Palace Hotel & Casino

Frontend Developer

Onsite, Nigeria

Jan 2018 - Dec 2019

- Demonstrated exceptional dedication and professionalism, leading to two promotions within a year.
- Independently managed multiple areas of the hotel, including the coffee shop, bar, restaurant, and banquet services, showcasing versatility and adaptability.
- Enhanced sales and customer retention through outstanding customer service, resulting in a loyal customer base and positive feedback.
